

REWIND

vidigami
the place for school memories

Past, Present and Future; Vidigami REWIND helps you build and celebrate your school's legacy, providing current and returning students with an archive of their life, work, and experiences.

With REWIND, all your photos from previous school years can be added in Vidigami so they can be organized and accessed from one place.

All media is intelligently tagged by school year, groups, albums, and people, so you can easily search, download, and work with content from both current and previous years.

Adding REWIND Years

- ▶ Contact your Client Success Specialist or Account Manager to enable REWIND.
- ▶ Past students and their families can be onboarded for the years they are a part of the school.
- ▶ As media is uploaded, add people and context tags to make everything searchable in the system.
- ▶ Easily view media by year via the School Year Selector at the top right corner of your Group Directory.

Frequently Asked Questions

▶ **How far back can we go when it comes to adding REWIND years?**

As far back as you need! Whether its 3, 5, 10 or 20+ school years, we can add as many years as you need.

▶ **Can my entire school community see past years' REWIND content?**

No, only administrator users or those with access to THOSE years may access REWIND years. Please connect with your Vidigami representative for more information.

▶ **Can we download media from Vidigami Rewind?**

Yes. Photos and native videos can be downloaded by anyone as long as permissions allow. Once your "old" media is in Vidigami, it can be accessed the same way as your current content.

▶ **Are there any limits to the quantity of media I can upload per year in Rewind?**

You can upload as much media as you'd like per REWIND year.

▶ **How much does it cost to add REWIND years to our Vidigami site?**

There is an annual service fee for REWIND. Please contact sales@Vidigami.com for pricing as it can vary depending on the size of school that you are.

▶ **What if we only want to add media from the last school year?**

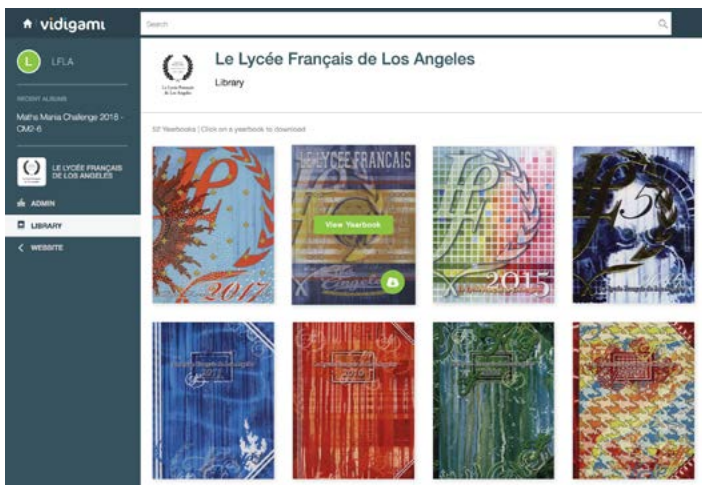

No problem! All you will need to do is let us know, and we'll add the previous school year to your Vidigami site and we will help you get it set up.

“Vidigami is providing us the platform where we can finally collect all of our photos spanning over ten years, in one place. Because Vidigami is designed to serve the specific needs of schools, we use it for our current parents and students...This is invaluable.”

Alan McInnes
Web and AV Services Manager | Southridge School (BC, Canada)

Yearbooks, LitMags, Viewbooks? Share your digitized publications in your very own Vidigami LIBRARY.

Schools who wish to make their yearbooks and other school-wide publications available to the community can enable LIBRARY in Vidigami. Library is a section on your Vidigami site that is available to all members as interactive flipbooks.

This is not currently a self service feature, so please consult with your client success specialist to develop a plan for how you would like to start building out your LIBRARY!

How To Add LIBRARY

- ▶ Contact your Client Success Specialist to develop a plan for LIBRARY.
- ▶ Get your printed books digitized as PDFs and share them with your CSS. We encourage schools to enlist the help of specialized vendors for this.
- ▶ Team Vidigami will get to work and launch your LIBRARY within an agreed timeframe.
- ▶ Library books will be viewable on both the mobile and desktop app!
